MINUTES

In the Chair: Patrice Girardin, IPC President
Representing the FAI: Max Bishop, FAI Secretary General

1. WELCOME AND ROLL CALL

IPC President Girardin called to order the 55th Plenary meeting of the IPC at 1000 hours, Saturday, 31 January 2004, at the Hotel Praia Mar in Carcavelos, Portugal.

IPC President Girardin asked the Plenary to stand for a moment of silence in memory of the skydivers who died while pursuing their sport in 2003.

FAI Secretary General Max Bishop conducted the roll call of Delegates, including apologies for absentees, approval of proxies, verification of Delegate's authority, and declarations of conflicts of interest. The following proxies were recognized:

Estonia to Finland
Kenya to Canada
Latvia to Norway
Lithuania to Sweden
Poland to Russia
Slovakia to Czech Republic
Venezuela to Spain.

All those giving proxies, together with Bulgaria, apologized for their absence. Countries present or represented by proxy: 37.

The delegates' address list was circulated for its annual update, and will be sent to all IPC Delegates.

2. CONFIRMATION OF MINUTES

Minutes of the 54th IPC Plenary meeting held in Fortaleza, Brazil, 3-4 February 2003, were approved with changes, and will be published on the FAI/IPC website.

2.1 Change one: "Thomas Tuominen submitted changes to the minutes in paragraph 5, World Games:
5.1 Current first sentence: "WAG/WG Liaison Officer Pål Bergan reported on the further developing relationship of the World Games within the Olympic movement, and how canopy piloting is to be included."

Proposed first sentence: "WAG/WG Liaison Officer Pål Bergan reported on the further developing relationship of the World Games within the Olympic movement, and informed the Plenary that the International World Games Association (IWGA) has invited the FAI/IPC to include Canopy Piloting in the 2005 World Games, if it is an IPC-recognized competition discipline."

5.2 Proposed paragraphs to replace current paragraphs:

Establishment of Temporary Working Group for Canopy Piloting

At the recommendation of the Bureau, a Temporary Working Group titled "Canopy Piloting Working Group" was established. (Canopy Piloting is also known as Canopy Swooping among parachutists in the field.) The Canopy Piloting WG included Thomas Tuominen, Chair (Del. Finland), Liam McNulty (Del. Ireland), Graeme Windsor (Del. Australia), and Knut Ekerhovd (Alt Del. Norway).

The Canopy Piloting WG was tasked with evaluating the viability of Canopy Piloting as an IPC competition event and, if Canopy Piloting was deemed viable, the WG was further tasked with evaluating a bid from the United States to conduct the first World Cup of Canopy Piloting, and with presenting the Canopy Piloting Competition Rules for 2003. This WG was asked to report to the 2003 Plenary during the World Games agenda item, since the IWGA has invited the FAI/IPC to include Canopy Piloting in the 2005 World Games.

If Canopy Piloting is determined not to be a viable IPC competition event, this Temporary Working Group would be disbanded at the end of the 2003 IPC meeting. However, if the Plenary approves a 2003 World Cup of Canopy Piloting, the Canopy Piloting WG would remain intact through the 2004 IPC Plenary meeting, to report on the results of the World Cup and other Canopy Piloting competition events held during 2003. At that time, the Canopy Piloting Working Group would be established as an IPC Competition Committee, be continued as a Temporary Working Group, or be disbanded.

Viability of Canopy Piloting as a new IPC Competition Discipline

Thomas Tuominen, Chair of the Canopy Piloting Working Group reported on the work of the Temporary Working Group. The WG reviewed the history of Canopy Piloting (canopy swooping) as a competition event, and reported that these events had been conducted for eight years, that they were currently taking place in several countries - including Australia, Finland, Spain, and the USA, and that high-speed Canopy Piloting activities were popular among active skydivers around the world.

The WG reviewed the safety parameters, and reported that although the event included high canopy speeds close to the ground, the current safety precautions being implemented in conjunction with the competition rules allowed the event to be conducted within practical and acceptable safety tolerances. Judging criteria were reviewed with members of the Judging Committee, and it was reported that the use of electronic Judging equipment, and the evaluation skills required of Judges, allowed for a fair, practical, and accurate evaluation of the competition performances.

Chair Tuominen also reported that Canopy Piloting was a very popular competition event for spectators and the media. Also, it has a strong history of attracting prize money for competitors, and sponsorship money for event organizers. Graeme Windsor (Del. Australia) moved that the IPC accept Canopy Piloting as a competition discipline. Motion passed - 24 for, 0 against, 5 abstained."

2.2 Change two:

7.1 Future of World Air Games

After, the last sentence ("Pål Bergan came back later with a format accepted by the Committee Chairs."), add the sentence, "The proposed program for the format of the WAG was accepted by the Plenary."

2.3 Change three:

Change paragraph 21.2 to, "The IPC President announced that Pål Bergan wished to resign the position of IPC WAG/WG Liaison Officer due to other personal commitments. The Bureau appointed Mr. Bergan until it could name a replacement, and this was confirmed by the Plenary."

3. **96th FAI GENERAL CONFERENCE - FAI ACTIVITIES REPORT**

FAI Secretary General Max Bishop presented an overview of FAI's activities in 2003, the results of the 96th FAI General Conference held in Krakow, Poland, 9-12 October 2003, and FAI's plans for 2004. WAG 2005 was cancelled because no acceptable bid was presented to the FAI. At this time, it is uncertain whether any WAG will be held in the future.

- Adoption of Canopy Piloting rules for 2003 WC;
- Acceptance of the bid from Yugoslavia for WPC of Para-Ski;
- Withdrawal of bulletin 13 & 14 in AE (changes were not allowed).

5. WORLD GAMES/ OLYMPIC GAMES

5.1 President Girardin, WAG / WG Liaison Officer, reported on the developing relationship of the World Games within the Olympic movement, and the IPC's role within the World Games in general.

5.2 Dr. Rainer *Exi* Hoenle, IPC Technical Director for the Duisburg World Games, briefed the Plenary on the progress of IPC's involvement in the 6th World Games, to be conducted in Duisburg, Germany, in 2005.

6. WORLD AIR GAMES

6.1 Future World Air Games

President Girardin attended the FAI General Conference and participated in the discussion of the WAG and the present state of affairs. President Girardin applauded the FAI for making the right decision of canceling the 2005 WAG. The bidding process will continue after modifications are made in the WAG format.

7. GENERAL ISSUES

President Girardin briefed the Plenary on the Open Meeting topics: Mission Plan, Competition Cycle, Competition Cycle, WADA, and the FAI/IPC relationship. The Plenary approved the Competition Format and the Competition Cycle.

7.1 **Mission Plan** is intended to be a blueprint for the future development of the IPC, which transcends political, national, commercial and personal interests of the individuals who develop and implement it. It is necessary to maintain a working plan as a guide to the development of our sport, requiring that the plan be reviewed in light of the recent failures of becoming part of the Olympics and the temporary suspension of the World Air Games. In addition, certain points of the plan have become obsolete or are no longer applicable to an organization such as the IPC. The Bureau will draw up a new Mission Plan based on the following:

- Maintain those goals that remain attainable
- Remove goals that are no longer valid in the current environment (such as the ranking system)
- Integrate goals that are proposed by each discipline,

Each committee is to provide proposed goals to the Bureau by June and the Bureau will provide the new Mission Plan in the 2005 agenda.

7.2 **Competition Format** should be the Mondial principle. The idea of including more than one team per nation at WPCs was not well received and the notion of nation against nation is maintained. Artistic disciplines are the one exception and should seriously consider taking a similar step.

7.3 **Competition Cycle**, approved in 2001 and in its current format is no longer valid and there should be a return to the two-year cycle with a clear objective to include the Mondial format. Therefore, the following cycle is:

- 2005 WC/WG
- 2006 Mondial/WPC
- 2007 WC
- 2008 Mondial/WPC
- 2009 WC/WG
- 2010 Mondial/WPC

The even years will be open to host a Mondial event that will include all the WPCs. If none is proposed, then bids from hosts for WPCs will be accepted. Should the IPC receive a bid from a country wishing to host a Mondial and bids to host individual WPCs, priority will be given to the Mondial bid.

The odd years will be open to WCs that can be organized either separately or can include more than one discipline.

The WG will be a by-invitation-only competition and the IPC will determine the selection criteria, reconsidering its position after the 2005 WG in Duisburg, Germany. The WAG will be looked at later.

7.4 World Anti-Doping rules will be adopted by the FAI and it appears the proposed sanctions differ depending on whether they relate to an individual or a team. Prior to adoption by the FAI, the Bureau will submit a proposal to clarify these points and cover IPC's position, which is to cancel a result if one or more team members have positive results to a doping control.

7.5 The relationship between the IPC and the FAI needs urgent review, with the understanding that the debate regarding our total independence is not realistic. Some delegates feel we can achieve a degree of autonomy within the FAI, which needs to be defined. Topics of definition include: by-laws, election cycle, composition of commissions, financial (IPC bank account) and rights (IPC sponsors). Max Bishop addressed the Plenary on his perception of the FAI/IPC relationship.

8. FINANCE WORKING GROUP

IPC Treasurer and Finance Working Group Chair, Richard *Buzz* Bennett, presented the IPC Balance Sheet as of 31 December 2003, the 2003 Profit and Loss statements, and the 2004 Budget proposal. Delegates were reminded that the IPC account is in US dollars, and the WG will consider changing to Euros when the dollar becomes stronger – official currencies of the FAI are Swiss francs, US dollars and Euros. The budget is based on the proposal that the sanction fee will increase from USD \$25 to USD \$50. The 2004 budget, along with the sanction fee increase, was approved by a secret ballot vote of 20 to 17.

Germany submitted a bid to host the 17th WPC in Formation Skydiving (along with the 6th WPC of FR & SK and the 4th WPC of FF), 5-11 August 2006, at Gera (Thüringen). Matthias Maushake made a presentation on behalf of the organizers. Information can be found at www.worldmeet2006.com. The SCWG agreed that the bid should be considered, although it didn't meet the procedures established by the Plenary at the meeting last year in Forteleza, as these procedures were not readily available at the time the bid was submitted. The delegate for Germany paid the €800 deposit to Max Bishop at the meeting. The bid was approved with one abstention.

Nations wishing to host future FS events were requested to inform the Plenary.

10.4 Proposed changes to the Formation Skydiving Competition Rules

Committee Chair McEachern proposed and discussed amendments to the Competition Rules due to FS committee deliberations held prior to the Plenary meeting.

The following rule change was proposed:

A videographer may be replaced at any time during the competition, (with the agreement of the Meet Director) in which case the replacement Videographer will not be eligible for awards and medals.” France proposed that option B above be valid only for 2004-05, which the Plenary accepted by a vote of 17 to 15. Brazil had submitted a bid to host the 1st WPC of Canopy Piloting in Campinas, Brazil, 9-15 September 2004. The CP committee decided that the discipline was not ready for a WPC and requested that the Plenary open bids until 1 April 2004 for World Cup bids, at which time the Bureau would make a decision. Because the bid from Brazil was proffered before the rules were written for the discipline and event, and because the venue of Campinas was changed at the meeting to Brasilia, the Bureau agreed with the CP committee's opinion and did not support the bid. The FAI headquarters, IPC President and IPC Secretary must receive the bids by 1 April 2004. The plenary accepted the recommendation unanimously.

21. IPC PLENARY MEETINGS

21.1 Date and Place of Next IPC Meeting

Poland was chosen in 2003 to host the 2005 IPC meeting, 26-30 January, in Jachranka (near Warsaw), Poland. No one was present from Poland to provide an update on the progress of the meeting arrangements. If, for any reason, the IPC meeting cannot be held in Poland, the FAI will host the meeting in Lausanne, Switzerland.

21.2 Hosts for future IPC Meetings

Croatia's bid to host the 2006 IPC meeting in Zagreb was presented last year but the decision to select a site was postponed to this year. Furthermore, by a 2/3-majority vote, the Plenary agreed to consider the bid from the Mozambique Aero Club to host the 2006 IPC Plenary Meeting in Maputo, Mozambique. After both bids were presented, the Plenary decided on the bid from Mozambique as an alternative to meeting in Lausanne, Switzerland. By a vote of 20 to 12, the 2/3-majority was not achieved to move the meeting from Lausanne. The 2006 IPC meeting will be held in Lausanne, unless new bids are presented at the 2005 IPC meeting.

22. ADJOURNMENT: The 2004 IPC Plenary meeting was adjourned at 1320 hours, 1 February 2004.
