## CHIEF JUDGE'S STANDARD REPORT

<b>Competition:</b>	<b>World Games 2013</b>
<b>Event:</b>	<b>Canopy Piloting Event (ranked FAI First Category Event)</b>
<b>Place:</b>	<b>Cali, Colombia</b>
<b>Date:</b>	01.08.2013 – 04.08.2013
<b>Panel of Judges:</b>	EJ Scoring: Bjoern Korth EJ Judging: Anders Berggren Igor Tiorlo Paul Moore Aliya Ananina Mario Fabretti Olaf Boettcher (Video assisted Distance measuring expert) Rainer EXI Hoenle, CJ
<b>Equipment Used:</b>	Sensor-System : Jasper Williams. Scoring System: Bjoern Korth. Video Assisted Distance Measuring System: Olaf Boettcher.
<b>Details of the Judges Work:</b> <i>(including judging statistics)</i>	Highly motivated and very dedicated members in the CP panel with top team-player attitudes, a high degree of efficiency despite the small number and showing a solid base of knowledge and application of the rules. Number of Jumps: 380 over 9 rounds in competition and 2 practice rounds. Disciplines were 3 rounds regular Zone Accuracy and Drag Distance, 2 rounds Drag Speed and 1 round Full Speed on straight 50 m course. No injuries, 2 yellow cards, no protests. Video-Distance measuring worked well and reliable, systematically giving results + 0,01-0,15 % compared to results measured conventionally, so one full round and the final round were calculated as an average end-result for each performance. Watergate video assisted judging was set up, but could not be tested for technical problems. Police radar gun speed measuring of the entry speed was applied and relayed to the public, which seemed to find this entertaining and pleasing.
<b>Recommendations for Organisers:</b>	Include Distance video Judging and Watergate video for open viewing and judging over the public screens.

<b>Subject:</b>	<b>WORLD GAMES 2013 - CHIEF JUDGE REPORT, CANOPY PILOTING</b>	<b>Annex No. -</b>	<b>5</b>

<b>Rule Changes Proposals:</b>	Recommend to bring Full Speed on straight 50 m course combined with long distance measurement into one round to the CP-competition format.
<b>Personal remarks:</b>	The existing calculation format to determine the ranking meets the expectations of the competitors as a tool to compare the individual within a given group. For easy and instant presentation of the winners a formula needs to be applied which is successful in other sports.
<i>According to Sporting Code Section 5, 6.9.1 (11) this is to be sent to the Chair of the Judges Committee and the IPC Technical Secretary within 30 days of the competition completion.</i>
