Dear Friends

I note from your recent exchange that reference was made to the General Section not coming into effect until May 2016.

There has been a little misunderstanding. CASI proposed the updating of the General Section in October 2014. Although the recommendations to put this into effect are from 2016 it was agreed that individual Commissions could, if they wished, adopt an earlier date.

At the CIG Meeting I reported upon this recommending that we put this into effect on 1<sup>st</sup> May 2015. This was approved at the CIG Plenary Meeting and was minuted.

Other Commissions followed. I understand that the new revision was approved by all Commissions and implemented one year in advance.

As to Representation our Rules state 3 years because of the influence of our 3 year Championship cycle. The Bid by Poland was accepted before the GS Rule was amended for 1.5.16.

Regards

David

Good afternoon David,

we checked the Sporting Licenses and this is what Christine (here in cc) found out:

The following pilots or co-pilots did not have a valid sporting licence:

Paar Anita AUT  
Wang Mingji CHN  
Dong Yuan CHN  
Wang Xuefei CHN  
Wei Zhao CHN  
Chu Kin Hang (Clovis) MACAO  
Tupikov Sergei RUS

The person "Aleksey Mochanskiy" listed in Mr. Monks' letter does not have a SL; however, we think that this person seems to be Mr. "Machansky" who has a SL. Maybe you can verify that.

Please do not hesitate to contact me for any further questions you may have.

Best regards,

**Markus HAGGENEY | Sports and Marketing Director**

Dear Marcus

I have received your email with Mr Monk's letter. I have forwarded it to the third member of the Jury and the Chief Judge.

As a matter of urgency on the subject of the Sporting Licences could you check each of the names referred to and let me know if they have Sporting Licences valid at the time?

Regards

David Hamilton
