6 UPDATES TO THE SAFETY HANDBOOK

7 MANDATORY CAMERA SYSTEM IN THE CROWN RING

We have received a request from Uwe Schneider have a mandatory camera system in the crown ring and a 'monitor' in the basket to be able to see if airspace aloft is free before start climbing.

To enhance safety in hot air balloon competition will Uwe Schneider make such a system mandatory for Cat 1 events. Presently I would say already 30% of the competitors use one. But for safety reasons I would require all of them to use it.

8 UPDATES OF EDUCATION MATERIAL

8.1 SAFETY SEMINARS, UPDATING OF POWER POINT PRESENTATION
