3. Changes to Official Information Bulletin #1

3.1 No changes were made.

4. New Information

4.1 Requesting Invitation Letters

In the event that an invitation letter is required to obtain the appropriate entry visa, the Organizing Committee asks that the Head of Delegation submit an email request to events@flyxp.com. The request should include full names of those requiring the invitation letter and any additional information necessary to obtain the visa. If the invitation letter must be issued by the USPA, please also indicate this in the email request.

4.2 National Anthem and Flag

The FAI sporting code requires that each delegation must bring its own national flag and its national anthem in a MP3 format to be used in ceremonies. The recommended flag size is 100cm x 150cm.

Please turn in your flag to the front desk by April 9 before noon so we are able to put them on poles to prepare for the opening ceremony.

Each NAC should also email the national anthem in mp3 format to events@flyxp.com before April 8. The audio should be a maximum of 80 seconds in length.

4.3 Anti-doping Program

The Anti-Doping Program may take place at the event. If so - the doping tests are carried out by the official Anti-Doping organization or sample collection provider recognized and approved by World Anti-Doping Agency (WADA). The selection of athletes would be according to the 2021 FAI Anti-Doping Rules, which are based on 2021 WADA Code and are available at <https://www.fai.org/anti-doping-rules-procedures>. After receipt of notification until arrival at the point of doping control the selected competitors will be always accompanied by a chaperone assigned by the sample collection authority. The selected competitor may be accompanied by a person of their choice (team doctor, coach or head of delegation). If the Organizing Committee does not provide participants with accreditation with the photo on it, the selected athlete will be required to provide a valid passport or identity card at the point of doping control.

Note: Please carefully plan a departure date and time after the competition taking into the account that you may be chosen for the Doping Control.
