

**CIVL 2025 PLENARY – ANNEXE 39 N**  
**PROPOSAL PROPOSAL SPAIN: SECONDARY LIVE TRACKING**

**Proposal Spain: Secondary live tracking system**

After the discussion in the opening meeting having taken into consideration all the safety related arguments the proposal was amended.

The wording of the amended proposal to be inserted into Section 7:

At category 1 events in Paragliding Cross Country and Hike and Fly disciplines the secondary live tracking with devices that use satellite communication to transmit the location (as specified in CIVL approved list) is mandatory. The organizer must collect the links to satellite trackers during the registration and monitor them during the race along with GSM based live tracking.
