

CIVL 2025 PLENARY – ANNEXE 39 M
PROPOSAL PROPOSAL SPAIN: MANDATORY LIVE TRACKING IN FAI 1 AND 2 EVENTS

Proposal 1a – Spain: Mandatory tracking system for FAI II events

Tracking systems are one of the tools that have revolutionised our sport and the safety of pilots when locating an accident.

As of today, FAI Sporting Code Section 7 does not oblige FAI II competitions to use live tracking systems, although practically all of us use them. This gap in the rules must be closed as soon as possible and further work must be done to improve safety and reduce reaction times in the event of an accident.

Spain's proposal is

Live tracking is mandatory in FAI I and II PG/HG XC and Hike and Fly events from the 1st January 2026.
