

December 2013

Report from handicap committee to the IGC 2013 Plenary

Author: Christof Geissler

The handicap committee was busy in 2012.

Main activities have been:

- preparing special IGC Club Class handicap list for 32nd WGC Argentina, also by inserting some new club class gliders as approved by the bureau.
- preparing IGC Club Class handicap list valid 1st October 2012 by updating the list with handicaps based on new IGC reference mass and correction of reference masses in some cases. Correction of data still ongoing as soon as mistakes are identified.
- discussion about minus point in handicap for Club Class when flying with winglets.
preparing a late proposal.
- collecting data for 20m multi-seat gliders and proposing a new handicap list to the Annex A committee.
