### 1. IPC PRESIDENT'S MESSAGE

I wish to welcome back Gill Winter as IPC's 1<sup>st</sup> Vice President. Gill was recently reappointed as Delegate to France, after having been retired from the position a few months earlier in the year. Gill was retained as a specialist by the Bureau in the intervening period so that she could carry on with some valuable projects she was working on for the IPC.

The 2010 First Category Event competition season finished with the Freefall Style and Accuracy Landing World Championships in Montenegro. It is now time for IPC to review the experiences of all 2010 FCEs in conjunction with IPC's Strategic Plan so that we can make these events even more dynamic and attractive in future. It is clear that our events can do much more in bringing parachuting to a wider audience, through better presentation and commentary.

The Bureau will be recommending some changes to the Strategic Plan in this regard to the next Plenary.

### Sport Development

#### China

In September, I was invited to attend the 2<sup>nd</sup> China International Air Fiesta in Laiwu City, near Jinan. The event was held on a purpose built venue and featured world class performers in many air sport events. Highlights included parachuting, featuring US Redline Canopy Formation team, aerobatics, paramotors, ballooning, aeromodels etc. The FAI flag and logo appeared prominently at the event, which was addressed by then FAI President Portmann during the opening ceremony. While the event was not on the FAI Calendar, its significance for future air sport development in China was quite apparent, and I have been told that there are plans for constructing more similar venues in the future in China. The event was also attended by FAI Executive Board Member Jong Hoon Lee, and now current FAI President Dr John Grubbstrom. Dr Grubbstrom's election to the FAI Presidency was marked by a promise by him to establish an FAI office in Beijing (free of charge to FAI).

#### South America

Elsewhere in this newsletter is an article on the revival of COLPAR – the Confederation of Latin-American Parachuting. COLPAR has requested the FAI to grant it associate membership. At its August 2010 meeting, the FAI Executive Board decided that further investigation was needed to make a decision, and tasked the Secretariat with:-

- a) Seeking advice from our Members in South America; and
- b) Getting more information on COLPAR's activities and objectives.

## 2. BUREAU HALF-YEARLY MEETING – 11-12 OCTOBER 2010

The IPC Bureau held a Half-Yearly Meeting over the two days 11<sup>th</sup> – 12<sup>th</sup> October in Dublin. This location was chosen as it was in that city the FAI General Conference was held in the days preceding the IPC Bureau meeting, and meeting in the same place and with no delay between meetings keeps the Bureau meeting travel costs to a minimum. Three of the Bureau members were already committed to attending the FAI General Conference.

The agenda for the Bureau meeting had been sent to IPC Delegates and Alternate Delegates some time before the meeting, to allow for input, suggestions and comments.

Over the two days a large amount of work was done and the minutes of the meeting have been sent to Delegates and Alternate Delegates, who are asked to read these minutes carefully, so that the 2011 Plenary meeting can deal with the many matters which will be discussed, arising from the Bureau meeting.

An actions list has been sent to Bureau members and Committee Chairs who have tasks to carry out as a result of decisions taken at the Bureau meeting.

If there are questions about any aspect of the Half-Yearly Meeting minutes please address these to the Bureau.

## 5. VISA COSTS – WPC, MENZELINSK, 2010 – REFUND POSSIBILITIES

The IPC Bureau, on 11 October 2010, met with Mr Sergey Serendeev, President of the Federation of Parachute Sport of Russia. Among the matters discussed were the high costs, for some people, of Visas to enter the Russian Federation for the WPC held at Menzelinsk.

Mr Serendeev explained that this matter had been taken up with the Assistant to the Foreign Affairs Minister of the Russian Federation, as he said he would to teams at Menzelinsk.

Mr Serendeev repeated his offer made in Menzelinsk, that for anyone who incurred costs above the normal Visa cost should provide documentary evidence of those additional or higher costs and every effort will be made by Mr Serendeev to seek reimbursement. Please note that this applies **ONLY** to actual Visa costs, and not to any agency fees, which were or are the responsibility of the Visa applicant.

Good quality scanned documents should be sent to Mr Sergey Serendeev, President, Federation of Parachute Sport of Russia, e-mail:- [tritron@yandex.ru](mailto:tritron@yandex.ru)

## 6. COLPAR – South American Parachuting Federation

Tomás Berriolo, IPC Delegate from Argentina, and Gustavo Eduardo Reyes, President of the Argentina Parachuting Federation (FAP), have both been active in reviving the Confederation Latinoamericana de Paracaidismo (COLPAR-Siglo XXI).

### **The following is a report of the inaugural meeting:-**

On Saturday June 19 2010, the Confederacion Latinoamericana de Paracaidismo (COLPAR-Siglo XXI) was founded at a meeting in Buenos Aires, Argentina. The meeting which was held at the headquarters of the FAP, Anchorena 275 of the City of Buenos Aires had in attendance Delegates from Argentina, Brazil, Colombia, Costa Rica, El Salvador, Panama, Paraguay and Uruguay.

The Delegate appointed by Chile apologized and could not attend for personal reasons, while the Cuban Federation of Sport Parachuting apology stated that a Delegate could not attend for reasons unrelated to the entity, but adhering strongly to all that they were in the assembly and requesting its inclusion as a member of the COLPAR-Siglo XXI, pledging to complete all statutory requirements approved by the assembly.

- 1) Statutes were approved after a detailed study of all parts, introducing some modifications.
- 2) The COLPAR-Siglo XXI will be based permanently in the street Anchorena 275, Buenos Aires, Argentina, and its administrative headquarters in the country where the incumbent President has taken up permanent residence.
- 3) Authorities were chosen for the next two years and all were elected unanimously by the Delegates present:  
President: **Tomas D. Berriolo** (Argentina) [tberriolo@paracaidismo.org.ar](mailto:tberriolo@paracaidismo.org.ar)

Treasurer: **Norma Elia Sansone** (Argentina) [norma@paracaidismo.org.ar](mailto:norma@paracaidismo.org.ar)
- 4) It was determined that during 2011, two Latin American Championships will be held:
  - Latin American Championship Accuracy & Canopy Piloting, Argentina, competition to be held at the San Juan city, 28 April-01 May 2011.
  - Latin American Championship – FS-4 and FF, Brazil, competition to be held, in Boituva, from 11-15 Nov. 2011.

At night the FAP invited Delegates participants to a fellowship barbecue in the "Cabaña Las Lilas" in Puerto Madero, and thus successfully culminated a day of intense work, recreating the COLPAR-Siglo XXI, essential tool for integrating the international calendar.

Our most important goal is to make this institution a continental bloc to work together to achieve common progress of the sport in all its aspects.

***Tomas D. Berriolo, President COLPAR-Siglo XXI***

We are now contacting Mexico, Venezuela, Peru, Guatemala and Honduras, where sport parachuting is not well organized, for incorporation into the COLPAR-Siglo XXI and guide them to meet FAI rules.

Our championships will be made within the FAI regulations, and so I think it will spread the spirit of our sport within the rules of safety, technical and organizational responsibility.

### Online Survey on Skydiving while Pregnant

Dr Florian Ebner is an Obstetrician and an FAI AE Judge. Here is the text of a message from Dr Ebner:-

*Dear Skydiver,*

*Every couple of years the question 'Can I jump while pregnant?' comes up and is discussed in online forums or parachuting magazines.*

*Due to the rarity of this question nothing is published in the professional medical press.*

*Therefore, obstetricians and midwives do generally not recommend skydiving during pregnancy, due to the lack of data.*

*The aim of this online survey, <http://www.surveymonkey.com/s/M8RDHG6> is to provide a bigger database for mothers-to-be about the risks and the restrictions other skydivers have found acceptable.*

*If you have jumped during pregnancy or are doing so please take a moment to fill out the 10 questions contained in the online survey.*

*And also please forward it to friends who may have jumped while pregnant.*

*Thanks,*

*Dr Florian Ebner*

*IPC Artistic Judge*

*Obstetrician*

The IPC Bureau and the IPC T&S Committee encourage the collection of data on any technical, safety or medical aspect of skydiving and urge those who may be able to help with this survey to please do so by responding to the online questionnaire.
