### **RULES ARTISTIC FAI 2005 : French Proposals**

#### **General rules section 5**

Only two (2) teams by nation on class 1 Event

We keep the same working time 45' Freely and Freestyle 50' for Skysurf

#### **Freefly**

Clarify the position head up, head down, seat position, flat and back position.

Release (remove) all indications about angle and level on point for the speed jump.

Get back to one speed jump and one Block jump for the compulsory.

#### **Freestyle**

To increase the number of nation participant on event we have one proposal:

Delete the current categories and build only one category Gathering male and Female.

So to keep motivated the competitors and to increase the number of participant we propose also an other classification.

We can determine 2 titles

- One Freestyle World Champion on Mixed categories

- One Freestyle World Champion on combined by Nation included the best results on Male team and Female team on Freestyle category.

It means that the Nation should present at least two teams to be able to take part at this result, one Male and one Female Freestyle.

The score will be the addition from the ranks of the 2 best teams by nation.

For example:

#### **Freestyle result**

USA 1 female	1
France male	2
Italy female	3
Japan female	4
Denmark male	5
Italy male	6
Italy female	7
USA male	8
France Male	9
France Female	10
Japan male	11
Denmark Female	12

#### **Nation Result:**

USA First (9 points) 1* + 8 best place*
Italy Second (9 points) 3 + 6
France Third (12 Points) 2 + 10
Japan Fourth (15 points) 4 + 11
