**Subject: Letter of Intent**

Dear Sirs,

We are writing to you to notify you about our intent to candidate BiH as an organizer of the Parachuting Mondial in 2014. With the aim to realize this idea, the Aviation Association of Bosnia and Herzegovina made a unanimous decision at its Steering Board session on 10 April 2010 in Sarajevo and gave approval and support to the “Banja Luka” Parachuting Club and the City of Banjaluka to be the hosts and organizers of the 2014 Parachuting Mondial. We are fully aware of the fact that to organize the Mondial is a very demanding and responsible task but we are convinced that we can justify your trust. Further, this can be done to the pleasure of all participants since the “Banja Luka” Parachuting Club is a distinguished club with tradition that organized great international events. Moreover, it is the biggest parachute center and the chief bearer of parachuting development in Bosnia and Herzegovina.

We would like to use this opportunity to inform you about the already undertaken activities for successful candidacy of the Aviation Association of Bosnia and Herzegovina and the “Banja Luka” Parachuting Club. Being invited by a vice chairman of the Aviation Association of BiH Mr. Dusko Grmusa, Mr. Graeme Windsor visited Bosnia and Herzegovina and Banjaluka and found out about potential and capacities of the “Banja Luka” Parachuting Club and the City of Banjaluka. Besides, a delegation of the Aviation Association of Bosnia and Herzegovina and the “Banja Luka” Parachuting Club presented their proposal to organize the Mondial in 2014 in Banjaluka at the IPC Plenary Meeting 2011 held in Bar, Montenegro.

Following our presentation, IPC made a decision that a commission should be formed and should visit Bosnia and Herzegovina and “Banja Luka” Parachuting Club in 2011 so it could be assured about capacities for the successful organization of the Mondial and report to IPC about it.

We wish to emphasize that we have already got the support from all competent state, republic and municipal institutions in BiH for organizing the Mondial such as: the Ministry of Civil Affairs of BiH, Ministry of Family, Youth and Sports of RS, Ministry of Transportation and Communications of RS as well as the endorsement from the City of Banjaluka.

It is important to highlight that this sport spectacle would contribute to the popularization and faster development of aviation sports, especially sport parachuting, both in Bosnia and Herzegovina and the whole region.

We are hoping that we will have the opportunity to host the best parachutists from around the world, and doing that would be our great honor and pleasure.

Sincerely yours,

Aviation Association of  
Bosnia and Herzegovina  
Dr. Nenad Novakovic  
Chairman
