5/ COH :

Draft proposed for a new chapter including job description and advices on number of each cat of officials according to the type of event and the number of competitors.

Chapter Officials

An event can only be run with officials. You need a minimum of officials for the event to be well run and fun for pilots and officials.

Due to new technology official functions have changed over the years.

In this chapter there is a job description of the new officials needed during national and international championships, for already existent functions we refer to the COH and the AXMER.

It is strongly advised that all officials have sufficient knowledge of the rules and the function they serve as described in this COH.

It is possible that some of the functions (scorers, logger officers, measuring team leaders, measuring team members) can be combined and officials must be prepared to serve in more than 1 job. For instance in a combination event target team leader function can be fulfilled by the debriefer in that event.

Chief scorer : receive track analysis, proposal for penalties if any, make the decision for penalties and establish the results and coordinate track downloading, analysis and scoring.

Scorers : download the tracks, analyze and propose some penalties.

Logger officers : receive the loggers and the flight report form from the pilots

6/ Officials:

Training of officials: work on progress. Proposal will be made next year.

List of international officials to create a pool for Nationals and international events

7/ Event debriefing questionnaire :

The Official SC proposed to set up a survey for event debriefing for officials.

8/ Proposed

Official SC propose to receive 200 CHF in order to set up the officials surveys after each international or Nationals events.
