

GAC PLENARY MEETING LAUSANNE - SWITZERLAND

Agenda Item 10.1 – Webmaster report

The GAC webmaster has full control of most of the content of the website with some exceptions. The main sections we do not have control over are the World Records, Events Calendar, Delegates and Awards. The FAI webmaster updates these sections based on information supplied.

The information on the website is current and is being kept up to date.

The GAC webmaster is receiving very little information from GAC members to place on the website. For a website to have any value it must have current, interesting and relevant information.

I would like to appeal to all delegates to remember the website and submit information to me for publishing before, during and after international and national events. The success of the website depends on your input.
