

Dear Sirs,

(must be submitted to the FAI Office by November 15)

Raisio, the 30th  
of October 2023

Aeromodelling is playing a huge role in my life. It is a way to express thoughts and feelings. Aeromodelling has given many opportunities to see what I can really do.

Ending up to many Rc-aerobatic competitions and flying in airshows gave me many unforgettable moments and I have got to know many interesting people who have shown inspiration what I could be when I am grown up.

In the Turku Air show announcer called Riika Kaipainen told that I should consider a career as a pilot. Another idea I got from another rc-model pilots is to become a teacher by following their example.

Aviation is not just a hobby, it is a journey which has given a possible future for me.

Sincerely Yours,

Aurora Koskensalo
